- What is Sleep Disordered Breathing (SDB) & Obstructive Sleep Apnea/OA?
- How to screen and treat OSA and snoring safely, predictably, and with confidence using scientifically-proven clinical, administrative and medical billing systems.
- How our easy to implement turn key system will greatly benefit you and your patients.
- Our unique scientific system to find the exact jaw position for your Oral Appliances from the very first fitting. No more wasting time with subjective trial by error titrating.
- How to market to OSA and Snoring patients with our comprehensive and automated systems.
- How to add tens of thousands of dollars to your bottom line while combating a serious medical condition (OSA, Snoring and SDB).
- How early intervention, interceptive orthodontic treatment can permanently improve a child's airway.

APP-NEA is the **only** company of its kind with a scientifically proven Multi-Variable Adaptive Analytics Algorithm MAD-FIT™ that places a patient in **perfect** titration from **night one** for maximum effectiveness of the Oral Appliance. **NO MORE GUESS WORK.**

## LET US SHOW YOU HOW TO STAY AT THE FOREFRONT OF DENTAL SLEEP MEDICINE (DSM)

From screening and testing to treating and medical insurance, let us show you step-by-step implementation for optimal patient care & maximizing your profits.

- The importance of treating OSA in your practice and identifying "at risk" patients
- How to predictably and consistently screen for the 20% of your adult patients & 12% of your pediatric patients in your practice who suffer from obstructive sleep apnea
- How to treat OSA and Snoring safely, predictably, and with confidence
- Easy implementation of DSM into your practice with our step-by-step, practical, clinical and administrative systems
- Know why Bruxism is a warning sign of sleep apnea and how a nightguard can do more harm than good
- How to predictably and effectively treat the 75% of those CPAP non-compliant patients in your practice and community
- How to take the guess work out of determining the proper bite for your Oral Appliances without having to pay thousands of dollars for unnecessary, expensive equipment
- How to file medical insurance claims with confidence
- How to network with and market to sleep physicians and establish your practice as the dental sleep medicine practice in your community
